

NOTES: FROM BOTTOMLANDS TEAM MEETING 10/16/07

STEVE LARGENT opened the meeting with review of the AGENDA for the meeting and approves the meeting notes pf 9/19/07. Steve also had a map of the Boardman River as it looked in 1913 by the Power & Light Co.

The bottomland report (by Steve) as follows:

Water level 15 feet

Woody debris has been removed by 50%

Signs are being put up and assembled at this time for the County to install

“Working Draft”

BOARDMAN DAM BOTTOMLANDS DISPOSITION

COMMUNICATION TEAM REPORT (Susan Biteman)

Herb Lemcool was on the radio with Norm Jones and Jack Lane on “Ask the Real Estate Guy” and talked about the pond. Herb is also to be visiting Ron Jolly on his show in the near future,

Susanne asked that we communicate more with their team on issues that need more exposure and help with technical verbage.

There is a need for more information stations around the pond and river, at the boat launch areas.

MEETING EVALUATION:

Comments:

JOHN: Liked participation and meeting layout. Didn't like that people “went off” on tangents.

TODD: Really likes and compliments the respect of this committee for each other.

RON: Liked how we stayed on track.

JIM: Tough subject. Good that we are going to include the 13 questions that we are asked of the County.

JEFF: Impressed with the expertise.

JACK: Meeting went well. Lots of issues that need to be brought up to the Scoping Team. Need to ask the hard questions.

TOM: Best bottomlands meeting yet. Finally getting to put some heat on the County to get moving on the bottomlands subject.

SUSANNE: First bottomlands meeting she attended. Thought it went very well. Everyone is respectful.

STEVE: Likewise felt the meeting went well and that we are tackling a very tough subject. We need to get more people involved in coming up with bottomland disposition options. Need to solicit people at the BRDC meeting to attend the next bottomlands meeting.

NEXT MEETING:
Continue on the draft to finish in November
Meeting adjourned at 7:00 PM
